A wonderful cycling experience taking the scenic route, heading out of London on quiet roads to Harwich and the ferry before crossing low lying Dutch Zeeland on fabulous cycle paths over a series of islands and sea barrages. #### 4. Iceland 5 day trip in March or September -

We discover this stunning scenery on this fantastic trekking challenge in southern Iceland, as we trek through a striking mix of geothermal valleys and beautiful mountain scenery, streams and waterfalls. The warmth of the geothermal activity keeps our route clear of snow, so we can take advantage of seeing this beautiful region in winter, without technical winter trekking. Staying in huts miles from the nearest big towns, the dark skies offer a great chance of seeing the spectacular Aurora Borealis (Northern Lights) and we watch each evening – the icing on the cake on this memorable challenge! Full details can be found at [Discover Adventure](#).
